

## About us

Gerritsen Group is a global industrial relocation and logistics expert, founded in 2000 and headquartered in the Netherlands. With a turnkey service model and international offices in the Netherlands, UK, Belgium, and Switzerland, the company delivers seamless relocations and transport solutions for machinery and production facilities across diverse industries.

## Vision

We are building a future in which industrial transformation is international, circular and data-driven.

## Mission

Our mission is to support industrial organisations worldwide in the transition of production environments. From dismantling, relocation and installation to the sale and repurposing of machines and entire factories.
